Supervisor: Monique Thornton, CEO

Location: Remote or hybrid

Effective Date: 1/6/2025 - 5/2/2025

Type: Part-Time (5-10 hrs/week)

Compensation: Unpaid; academic credit

About Us

[Let's Talk Public Health](#) is a remote-work, digital-first consulting company based in Washington, DC. Since our inception, we've aimed to build skills, inspire new thinking, and explore innovative methods for public health communication and marketing. We provide resources, products, and services to help public health students, professionals, and organizations to effectively and creatively engage with people around public health topics and issues.

Position Summary

Let's Talk Public Health seeks highly motivated public health students and early career professionals to join our Experiential Learning Program. This program offers practical experience and skill development in public health communication and marketing. As a Business Operations Intern, you will play a crucial role in ensuring the smooth and efficient functioning of our company. You will have the opportunity to provide administrative support and assist with other business operations.

Responsibilities

You will be working on the following tasks and deliverables.

- **Cross-Team Management:** Co-lead the weekly all-team meeting with the CEO, including preparing agendas, taking notes, and updating task status across teams.
- **Data Management:** Collect key business performance metrics monthly and create 1 quarterly business review presentation.
- **Knowledge Management:** Create 1 instruction manual for updating and managing the LTPH Store inventory spreadsheet and 1 instruction manual for updating and managing the LTPH Events Calendar.
- **Store Inventory Management:** Update the LTPH Store Inventory spreadsheet weekly.
- **Events Calendar Management:** Update the LTPH Events Calendar weekly.
- **General Administrative Support:** Conducting ad-hoc research, data entry, and analysis as needed to support business operations.

- **Collaboration:** Collaborate with the CEO, CFO, and other cross-functional teams to get the information and data needed to identify and address potential challenges or bottlenecks in our operations.

Essential Work Attributes

You must have the following work attributes to succeed in this internship.

- **Independence and Self-Drive:** You must be able to complete assigned tasks and deliverables with minimal supervision and seek guidance and support when needed.
- **Proactivity:** You must manage your own work schedule and anticipate if you will have any issues meeting deadlines. You must also come to meetings prepared and ready.
- **Digital Competence:** You must be equipped with a reliable computer, high-speed internet connection, and necessary software/tools for virtual work. You must also be able to learn to use new tools and technology.
- **Attention to Detail:** You must always review all your work for typos, grammatical errors, and factual inaccuracies before submitting it.

Required Skills and Qualifications

You must have the following skills and qualifications to succeed in this internship.

- Be currently enrolled in or have graduated from (in the past 3 years) an undergraduate or graduate program at a university or college in the United States. *(required)*
- Be currently studying or working in public health. *(strongly preferred)*
- Be proficient in using Google Workspace. *(required)*
- Have previous experience with administration, project management, and data analysis. *(strongly preferred)*
